March, 2017

Dear Incoming 7th Grade Parent/Guardians:

During the next month, we will be scheduling your 6th grade child into his/her 7th grade program of studies. An important part of the process is the communication that takes place between students and parents as they read, plan, and set goals together.

The information in this registration booklet provides you with short descriptions of all the courses available to your child in the 7th grade. For all 7th grade students, the curriculum will consist of full-year courses in Language Arts, Social Studies, Mathematics, and Science; a semester course in Physical Education; a 10-week course in Computer Technology; and a 10-week course in Health.

The remaining schedule will consist of classes from the areas of Art and Design, Concert Band, Choir 7, Creative Expression, Digitech (Digital Creation and Exploration), Drafting (Intro to Engineering and Architecture), Exploring Foods, Foods and Fabrics, Orchestra, Shop (Tools & Materials Processing), Visual Arts, World Language Adventures.

The transition to middle school is a very important time in your child's life. Thank you for being supportive and welcome to Holmes Middle School!

Sincerely,

Mr. Eric Stromberg
Principal

Mrs. Deb Dykstra
Assistant Principal

Ms. Laura Desilets
Counselor (last names A-Kh)
ldesilet@livoniapublicschools.org
744-2675 ext. 38951
