Dear Parents and Community Members:

I am pleased to present you with the Annual Education Report (AER) which provides key information about the continuous improvement goals and educational progress of Holmes Middle School students based on 2016-17 assessment results. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me, Eric Stromberg, Principal of Holmes Middle School, for assistance.

The AER is available for you to review electronically by visiting the following web site <http://holmes.livoniapublicschools.org> or you may review a copy in the main office of our school.

Schools have been identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA) based on their 2016-17 State Testing Results. A Target Support and Improvement (TSI) school is one that has at least one underperforming student group. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education. Based on this data, a key challenge for Holmes Middle School is the low performance scores of the Bottom 30% and our students with disabilities in regards to science, math, and social studies. A few key initiatives include but are not limited to: supplying co-taught classes to provide extra support for struggling learners, after-school help sessions weekly, implementation of the common core curriculum, continue implementation of our math program with fidelity, providing resource room hours daily for those students who qualify, and provided support class for general education students struggling. These initiatives are intended to accelerate the student achievement of our two subgroups that are not meeting our school's proficiency targets.

Our collaborative efforts positively impact our school's success and student achievement.

Sincerely,

Eric Stromberg
Principal

All students are assigned to Holmes based upon attendance within the geographic boundaries of the school as well as students who transfer in based upon seats available.

SCHOOL IMPROVEMENT

School improvement is a continual process in which stakeholders in a school work cooperatively to improve student achievement. The process relies on staff, parents, and students participating in collaborative decision making in formulating and implementing achievement goals. The goals are determined through analysis of student achievement data and survey information. Action plans using proven interventions are developed for each improvement goal and progress toward achievement of the goals is documented annually.

Our school improvement goals for 2016-2017 and 2017-18:

1. All students at Holmes Middle School will be proficient in Science.
2. All students at Holmes Middle School will be proficient in Reading.
3. All students at Holmes Middle School will be proficient in Writing.
4. All students at Holmes Middle School will be proficient in Math.

As an AdvancED accredited school, we continue to support our school improvement goals using the AdvancED Performance Accreditation Framework. This year, as part of the process, we continued to implement the strategies and interventions outlined in our action plan. This comprehensive plan includes learning strategies and interventions, monitoring assessments, and planned staff development activities, all designed to help our students become better readers and writers. While this plan embraces many of the skills and strategies already being taught in our classrooms, we continue to adjust our teaching strategies based on the results of formative student data collected by core curriculum departments throughout the year.

The staff is continuing using and refining the strategies and interventions outlined in our plan. As a result of this ongoing process, Holmes students are being afforded the opportunity to practice and improve their reading and writing skills across the curriculum.

In addition to the school-wide action plan, each core curriculum department continued to implement their department action plans and began collecting formative assessment data to monitor the effectiveness of our strategies.

The Livonia Public Schools School District has had its District Level accreditation through AdvancED. Through the district accreditation process, Holmes Middle School also received AdvancED accreditation. The AdvancED accreditation process supports and validates district and school level improvement efforts.

SPECIALIZED SCHOOLS OR PROGRAMS

Our middle school students may be enrolled in the Middle School Alternative Classrooms for the Academically Talented (MACAT) program at Frost and special education centers at Frost and Emerson as alternatives to the regular 7-8 program. Other special education programs are available in western Wayne County for our students with disabilities based upon their individual needs. Specific information about these programs is available on the district Web site at www.livoniapublicschools.org.

BOARD POLICY

IDD

**INSTRUCTIONAL PROGRAM
PARENT INVOLVEMENT**

**JUNE 20, 2011
Reviewed 5/2014**

The Board strongly encourages and welcomes the involvement of parent(s)/guardian(s) in all of the District's educational programs. Accordingly, the Board directs, by the adoption of this policy, that the administration shall design a program/plan that will encourage parent(s)/guardian(s) participation that may include, but not be limited to: The development and review of instructional materials; input on the ways that the District may better provide parent(s)/guardian(s) with information concerning current laws, regulations, and instructional programs; and District offerings of training programs to instruct parent(s)/guardian(s) how to become more involved in their child's educational programs.

Pursuant to state law, the Superintendent shall provide a copy of the District's Parental Involvement plan to all parents.
