**PARENT OR GUARDIAN CONSENT – INSURANCE INFORMATION**

Student Name \_\_\_\_\_ Date of Birth \_\_\_\_\_ Grade \_\_\_\_\_  
(last) (first)

**PARENT OR GUARDIAN CONSENT**

I hereby give my consent for the above student to engage in interscholastic athletics in MHSAA approved sports and for the disclosure to the MHSAA of information otherwise protected by FERPA and HIPPA for the purpose of determining eligibility for interscholastic athletics; and I understand the possibility that serious injury may result from participating in athletic activities. By its nature, participation in interscholastic athletics includes the risk of injury which may range in severity. Although serious injuries are not common in supervised school athletic programs, it is impossible to eliminate the risk. I further understand that my son or daughter will be expected to adhere firmly to all established athletic policies of the school district and the Michigan High School Athletic Association.

**MEDICAL TREATMENT CONSENT** (To be completed by parent or guardian)

I, \_\_\_\_\_, the parent or guardian of \_\_\_\_\_ recognize that as a result of athletic participation, medical treatment on an emergency basis may be necessary and further recognize that school personnel may be unable to contact me for my consent for emergency medical care. I do hereby consent in advance to such emergency care, including hospital care, as may be deemed necessary under the then existing circumstances and to assume the expenses of such care.

**OPTIONAL ACCIDENT INSURANCE AVAILABLE** (Please read.)

It is the practice of Livonia Public Schools to offer you the opportunity to purchase supplemental accident insurance from a private commercial agent. Information on benefit plans and costs are available in all school offices. Both the terms of coverage and costs may vary from year to year, so you are encouraged to review the insurance information carefully. High school football is *excluded* from the standard supplemental accident insurance plans, but information on a policy for football players which covers only the football season is also available in high school administrative offices. Persons interested in purchasing such insurance should contact the appropriate school office.

I certify that I have examined the above student and recommended him/her as physically able to compete in supervised athletic activities not crossed out above.

Examining Medical Personnel \_\_\_\_\_ Date \_\_\_\_\_

Must be dated on, or after, April 15 to be valid for the next school year.

## Responsibilities of the Athlete

Although athletes by their nature place stress on the development of specific skills to be utilized in competitive sports, their sponsorship by schools places them within the broader context of the schools' educational objectives. Equally important to the development of the skills needed to compete in a particular sport is the development of positive social attitudes and interpersonal relations. The student who serves on a team that competes interscholastically represents himself, the family, the team, the school and the community. The athlete is, therefore, responsible for appropriate behavior in season and out of season. This includes the summer and times when the athlete is not on a team. Failure to adhere to these expectations may result in removal from the team.

In addition to the foregoing expectations, members of athletic teams have these specific responsibilities:

- 1) Athletes will be responsible for all school equipment that is issued to them during a sport season. This responsibility will be based upon the following guidelines.
  - a. All equipment will be issued by the coach, and a record card will be kept recording the items of equipment. The athlete will be responsible for this specific equipment.
  - b. All school issued equipment and or clothing/uniforms are to be worn only to appropriate events as determined by the athletic director.
  - c. Athletes must maintain their equipment in reasonable and clean condition. The coach will be responsible for establishing a procedure to be followed for the cleaning of uniforms. Any student, who fails to return equipment at the prescribed time, unless excused by the coach, will be reported to the school administration.
  - d. All equipment must be returned to the coach at the end of the sport season. Athletes are required to pay for all lost equipment and may be restricted from participating in any other extracurricular activity, or practice session, and/or from accepting athletic awards, until this obligation has been cleared by the coach or athletic director.
- 2) Participation in athletics is a privilege and, as such, athletes will be subject to some general rules and regulations to which the regular student body in some cases would not. If the athlete is found guilty of violating the standards specified, actions will be taken. (See Student Handbook for self-disclosure procedures.)
  - a. An athlete participating on a team in any sport season who is found possessing and/or using alcohol, tobacco, or a performance enhancing substance banned by the MHSAA will be removed from the remainder of the contests in that season or from 50% of the contests in that season. The penalty for this offense will be the lesser of the two alternatives.

A "season" begins on the official starting date for practice as dictated by the MHSAA and ends on the date of the last contest or tournament event for which the team or, in specific instances, an individual has qualified. The total number of contests that make up a specific "sport season" is based on MHSAA policies. These policies define the maximum number of contests allowable and include state tournament competition where applicable.
  - b. An athlete who is found possessing and/or using tobacco, alcohol and/or a performance-enhancing substance banned by the MHSAA in the off season, including the summer months, will be penalized by being removed from the first 15% of the contests of the next sports season in which they participate. A second violation by an athlete within a year would prevent participation in the next sport season in which participation is intended.
  - c. An athlete participating on a team in any sport season who is found possessing and/or using controlled substances, including marijuana, will be removed from that sport for the remainder of the season. For violations occurring in the "off season," the athlete will be removed for 50% participation of the next season of eligibility.
  - d. Punishment for school or athletic related incidents of theft by an athlete participating on a team in any sport season will be determined by the coach, athletic director and a building administrator. An athlete could be removed from the team for the remainder of the season for this violation.
  - e. An athlete participating on a team in any sport season who is suspended from school for any reason will not be allowed to practice with the team or participate in any athletic contests during the suspension.

- f. An athlete is expected to display a high degree of sportsmanship in relationship to opponents, teammates, coaches, officials and spectators. Excessive display of temper, loss of self-control, use of profanity or abusive language, or the making of obscene gestures will not be tolerated. The first violation will result in the athlete being removed from the remainder of the contest and may include one additional contest. A second violation and all subsequent violations will result in the athlete being removed from the remainder of the contest, suspension from the next contest, and/or may result in removal from the team.
  - g. It is expected that each member of an athletic team will express a high degree of loyalty toward the members of the team and the coach. Excessive displays of disloyalty could result in disciplinary action. Student athletes are not to upload or post to social media websites content including, but not limited to, any comments, photographs, videos, or other materials that reflect negatively upon themselves, the team, or the school. Consequences for violating this policy may include dismissal from the team, suspension from school or expulsion.
  - h. Any athlete who in a hostile manner interacts physically with an official, coach or school supervisory personnel will immediately lose his/her eligibility for participation in the interscholastic athletic program for that sport season and possible permanent exclusion from interscholastic sports in the district.
- 3) Student athletes will be subject to the LPS Academic Eligibility Standards, beginning with the 2011-2012 school year. Poor performance in the classroom will result in a loss of athletic eligibility. For specific details see the Student Handbook or your Athletic Administrator.
  - 4) Athletes represent the middle or high school while traveling as a team. It is expected that the athlete's conduct will be that of a good citizen at all times. Dress requirements may be established by the individual coach. Each athlete should dress in accordance with these requirements.
  - 5) An athlete may participate in two (2) sports in the same athletic season. Approval must be granted from both program coaches and the athletic department. The athlete and his/her parents must have also complete a dual sport participation form. Any conflicts that may occur will be resolved by the building administrator. Dual sport participation will usually be allowed only at the Varsity level of play.
  - 6) Athletes are expected to attend all practices, meetings, and games. If it is necessary for an athlete to miss a practice session, meeting, or game due to illness, injury, family emergencies or family vacation, it is incumbent upon the athlete to make arrangements with the coach. Authorized or excused absences from school are excused absences from athletic participation. However, athletes who miss a practice session or meeting because of an unexcused absence will be denied the right to participate in one competitive contest for each day of scheduled practice or meeting that has been missed. A second unexcused absence from a practice or meeting may result in removal from the team. Athletes who miss a game because of an unexcused absence will miss the next two games or contests, or they may be removed from the team.
  - 7) In order to participate in an athletic activity or contest, a student must have attended school at least one-half day on the date of the scheduled activity. It is the responsibility of both the student as well as the coach to comply with this regulation. Other than illness, there may be emergency reasons for school absence that may qualify an athlete to participate in an athletic event on the same day. Such exceptions, however, must have prior approval of the athletic director.

**Limited Team Membership** - A student who, after practicing with or participating in an athletic contest or scrimmage as a member of a middle or high school athletic team, participates in any athletic competition not sponsored by his or her school in the same sport during the same season, shall become ineligible for a minimum of the next three (3) days of competition and maximum of the remainder of that season in that school year. The following exceptions will apply:

1. Ice hockey and all individual sports will apply the limited team membership rule from the point of a student's first participation in a contest or scrimmage, rather than practice.
2. During a season an individual may participate in a maximum of two (2) individual sports meets or contests in that sport while not representing his or her school.

*I have read the rules in the Athletic Code of Conduct and agree to abide by the provisions of these rules. In addition, my signature below indicates that I have received information regarding concussion awareness and the nature and risks of concussions.*
